

# WASTE TRANSFER STATION

Prior to the opening of the Waste Transfer Station in Kirk Sandall in September 2015 a Community Liaison Group (CLG) was established.

The CLG consists of representatives from the community such as local residents, parish and elected members. They meet with Doncaster Council and SUEZ, the council's contractor and site operator, on a quarterly basis to discuss different topics to gain information about the facility and it is chaired by a local resident.

The CLG acts as a forum for the local community to discuss all aspects of the Waste Transfer Station such as queries, operating procedures, information and any concerns about how the site is being run.

The site is owned by Doncaster Council and is leased and operated by SUEZ (the Council's waste collection contractor).

If you would like further information about the CLG or wish to raise any concerns about the site you can contact the following:-

**Doncaster Council** – Tel: 01302 736000 (lines open Monday – Friday, 08:30 – 17:00) or any time online <http://www.doncaster.gov.uk/services/get-in-touch/complaints-and-compliments>

**Environment Agency** – Tel: 03708 506 506 (lines open Monday – Friday, 08:00 to 18:00)

**SUEZ** – Tel: 01302 887297 or e-mail [doncaster.uk@suez.com](mailto:doncaster.uk@suez.com)
